

# YOU'VE GOT THE MAGIC

*Robin Nielsen*

V1

I slept through the alarm clock  
My day is on the run  
I'm not sure what I'm getting back  
For all the work that I have done

There's something that I've noticed  
There's a sparkle in my smile  
There's a diamond waiting in the rough  
And it's been there all the while

**PRE-CHORUS**

I know that it's no secret  
To live life for today  
Confidence is hard to find  
But now I've found my way

**CHORUS**

I've got the magic in my heart  
I've got to ask for what I want  
Speak my mind and let it shine  
There is a goddess within

I've got the passion and the spark  
It's my time to make a mark  
Beautiful and full of life  
There is a confidence about me

V2

The scale keeps creeping up  
I feel I've lost my way  
I want to feel alive again  
I want to have a say

What happened to my dreams  
Remember way back when  
I feel like I've lost my mind  
It's time for me to shine

**BREAKDOWN** You can have it all if you want
